for reasons 1.4 (b) and (d)

1.(U) This is an Action Request. See paragraphs 2-4.

2.(U) The Department's Office of Defense Trade Controls Compliance (PM/DTCC) requests Post's assistance in conducting a pre-license check on license 050210265 for the export of an International Traffic in Arms (ITAR)-controlled aircraft battery storage part to Senegal. Post is requested to complete this Blue Lantern inquiry within 30 days. Lack of response to a Blue Lantern inquiry will affect pending and future licenses involving parties to this license.

3.(S) Reason for request: Foreign consignee, Dart Aviation, is an entity of concern due to intelligence reporting indicating that it established a business partnership with Iran Air (see ref B).

4.(U) ACTION DAKAR: The Department requests that Post confirm that the foreign end-user, Senegalese Air Force (SAF) ordered the item listed for the purpose stated on the application.

ACTION PARIS: The Department requests that Post make inquiries with appropriate officials to establish the bona fides of Dart Aviation in the transaction. Conduct a site visit to assess the company's reliability as a recipient of United States Munitions List (USML) articles as well as an assessment of the company's on-site security and operations. If a site visit is not possible, please inform the PM/DTCC case officer.

The following points are included for guidance:

--Can Dart provide documentation that verifies the end-use of the aircraft part, such as a contract or purchase order from the SAF?

--When was Dart established and who are its principals?

--What is the nature of the company's businesses -- what type of items does it handle? Does the company serve as a broker?

--What type of organizations are among its typical customers and where are they located?

--Does Dart understand the restrictions on USML items,

especially the prohibition against unauthorized re-transfer and re-export?

END ACTION.
